https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=202320240AB2557

This bill requires, beginning July 1, 2025, each legislative body that solicits and enters into a contract for functions that are currently, or were in the prior five years, performed by employees of the city represented by an employee organization, shall post that contract and any related documents, including performance reports that may be required by the contract on its internet website. As of July 1, 2026, each contract shall include the following:

1. The objectives, deliverables, and goals of the contract;
2. A list of all financial expenditures associated with the delivery of contracted services, including, but not limited to, personnel costs, direct expenses, and indirect expenses, and their corresponding deliverables.
3. The number of each contractor's and subcontractor's employees associated with the delivery of the contracted services, organized by job category, and the number of each contractor's and subcontractor's independent contractors associated with the delivery of the contracted services, organized by job category.
4.
 - a. The names of any subcontractors providing services under the contracts.
 - b. The hourly rates, total compensation, and pay scales of employees and independent contractors providing services under the contract, organized by job classification.

Additionally, as of July 1, 2026, the legislative body, or its representative, prior to beginning a procurement process to contract out for services, shall give reasonable written notice to the exclusive employee representative of the workforce affected by the contract of its determination to begin the process. The notification shall explain the proposed contract, the justification for the contract, the expected length of the contract, and the effect on represented classifications. Finally, at least 30 days before the modification or renewal of a contract, the legislative body, or its representative must notify, in writing, the exclusive employee representative of the workforce affected by the contract of the intent to modify or renew the contract.

Finally, while the bill does not apply "in the event of an emergency", "emergency" is defined in the bill as being "a situation where immediate acquisition is necessary for the protection of public health, welfare, or safety."

The bill is strongly opposed by a number of organizations, including the League of Cities. A copy of the joint coalition letter can be found [here](#).

The bill was amended in May to narrow the scope of the bill's requirements to the 15 largest cities.
